No. of visits by parents, citizens and others 110. No. of
visits by superintendent 32.

Roll of perfect attendance for the year: Alfred R. Knap. Walter S. Knap, Mary Marsh, Robert Marsh, George Marsh, Stella Brainard, John Covell, George W. Hawes, Maud A. Merrill, Mary A. Johnson, Josephine St. Cyre, John A. St. Cyre,

The above is a correct report of the schools in the town of Pittsburg. There has been a spring and fall term in each district the past year, of ten weeks each, with one exception in No. 3, as there was two weeks extra to make up for an eight weeks term two years ago that should have been ten.

It can be seen by the above table that we have given to each district an equal amount of school which I believe to be the only just way of running schools in a town like this. We have been very successful in getting teachers and I think they have given general satisfaction.

Faithfully submitted,

OLIVER M. JOHNSON, Supt.
